enabling forensic-grade surveillance™

ApplianceStor61v2

Mini-Tower Viewing Station

Datasheet

The AS61MT is optimized for video surveillance applications and delivers the performance required for even the most demanding megapixel installations. Its small form factor makes it ideally suited for under-counter or countertop applications, especially in smaller spaces.

Powerful viewing station, built around the Intel 12th, 13th, and 14th generation i7/i9 processors.

Purpose-built open platform for integrating Video Management Software (VMS). All major VMS providers are pre-qualified, with new additions are continually added to ensure the widest possible certification coverage.

Effortless installation, management and administration.

Rasilient provides a **comprehensive, purpose-built physical security solution**, offering all necessary components, including high-performance recording, viewing/monitoring and administration servers, as well as high-performance storage.

Features

- Nvidia T400/T1000

- Intel 12th, 13th, and 14th Gen i7/i9 CPU

- Up to 64GB RAM

Applications

- Security Operation Centers (SOCs)

- Small to Medium Installations

Specifications

CPU	Intel i7-12700|13700|14700, i9-12700|13700|14700
GPU	Nvidia T400 or T1000
RAM	Up to 64GB DDR4 3200Mhz
Networking	1x GbE, 1x 2.5 GbE
Input/Output	4x USB 3.2, Video Outputs Depend on GPU Configuration
Max Number of Monitors	5
Drives	1x 500GB SSD
Dimensions (W x D x H)	8.7" x 13.5" x 5.1" / 220 x 129 x 340 mm
Weight	Max 15 lb / 6.8 kg
Power Supply	1x 250W 115/230V AC 10A 50-60Hz
Operating Temperature	10 - 35 °C

*Configuration of product may differ based on options
